SHASHANK S

Contact: + 91 9741347874 | Bengaluru, India

LinkedIn | GitHub | shashank.samatha@gmail.com

Motivated engineering student proficient in **Python, C,** and web technologies **(HTML, CSS)** with a strong drive to enhance technical skills and gain valuable insights from industry experts. Committed to continuous learning and staying updated with the latest advancements in technology. Eager to apply knowledge of frameworks like **Django** and collaborate in teams to contribute to innovative solutions within the technology sector.

SKILLS

- **Programming Languages:** Python, C (Programming Language) , Java (Basics), HTML, CSS, JavaScript
- **Technologies/Frameworks:** VS Code, Django, Microsoft Office Suite (PowerPoint, Word, Excel)
- **Soft Skills:** Self-Motivation, Time Management, Continuous Improvement, Teamwork, Strong Work Ethic, Communication

WORK EXPERIENCE

Karunadu Technologies Private Limited **Bengaluru, Karnataka**

Machine Learning and AI Developer Intern **Oct, 2023-Nov, 2023**

- Implemented a machine learning project in Django, demonstrating knowledge in data processing, predictive modeling, and application development.

TAFE, Tractors and Farm Equipment's Limited **Bengaluru, Karnataka**

CNC Operator Trainee **Jan, 2022-Sep, 2022**

- Completed 9 Months implant training as CNC Operator in (TAFE) Tractors and Farm Equipment's limited, focusing on precision machining and tool management.

PROJECTS

1) **Personal Portfolio Website -** Technologies used: HTML, CSS, JavaScript
   - Built a responsive personal website showcasing skills, projects, and contact details.
   - Implemented mobile-first design principles to ensure a seamless experience across devices.
2) **Zomato Website Front Page Clone -** Technologies used: HTML, CSS, JavaScript
   - Designed a responsive front page clone of the Zomato website, featuring sections for restaurant listings, search functionality, and promotions using **CSS Flexbox** and **Grid**.
   - Added interactivity with **JavaScript** to implement dynamic features like a carousel and dropdown menus, ensuring a seamless user experience across devices.

3) **Diabetes Prediction Model using Machine Learning -** Technologies used: Python, Scikit-learn, Django
   - Developed a diabetes prediction model utilizing the **Decision Tree** algorithm to analyze patient data and predict the likelihood of diabetes onset.
   - Implemented data preprocessing techniques and feature selection to enhance model accuracy, achieving a prediction accuracy of over 85% on test datasets.

EDUCATION

HKBK College Of Engineering, Bengaluru **2023-Present**
Bachelor of Engineering, Information Science – 7.24 CGPA

Govt Tool Room and Training Center, Bengaluru **2019-2022**
Diploma in Tool and Die Making - 70%

Assumption English School, Bengaluru **2006-2018**
SSLC -72%

CERTIFICATION AND COURSES

- **Machine Learning and AI** **(**By Karunadu Technologies**)**
- **Data Analysis and Visualization** **(**By Accenture**)**
- **Deep learning** **(**By Simpli Learn**)**

Languages: English (Professional), Kannada, Hindi, Tamil (limited)
Hobbies: Badminton, Volleyball, Kho-Kho, Athletics, Cooking Food, Watching Movies, Web Series and Animes
